**Key Features
& Benefits**

Easy Setup

The wireless recorder and cameras automatically pair up after powered on. To add a new camera to the system, you just need one click.

Benefits & Key Features

1080P Full HD

Powered by the advanced decoding chip, the Wireless Recorder can decode real-time 1080P FHD recordings.

Two-way Talk

You can talk to the camera end in real time either via the wireless recorder or the mobile phone to warn off intruders.

Smart H.265 Compression

With the Smart H.265 Compression, video quality remains the same as that of H.265 while radically reducing transmission bandwidth and data storage capacity requirements.

H.265

Smart H.265

Video transmission stream 100%

Video storage space 100%

Video transmission stream 70%

Video storage space 70%
